The seminar house is a special 12-angle with a pyramid roof and lies at a geomantic crossing. It is build according to fine energetic principles. This house is an unique seminar house and is appreciated for all kind of body- and energy work. Surrounded with woods and without neighbours the privacy of the group atmosphere is guaranteed. For exercises outdoors there are lots of space like the lawn of the Lichtung. Marked forest routes invite for walking during breaks.

RAINBOW BODY V

Etheric Body - this is the Creative Body:
shaman as beginning of art and original artist who can express divine message as divine ruler. In the art of healing, it starts discovering yourself in the sound of the universe as vibration and how to use sounds and prayers for the healing. We start to feel and listening it is rhythm and sound as vibration and we will learn totally surrender to the Dance of Shiva, the Lord of Dancers, worshiped by the Hindus, and shamans. In this state, the whole universe is with us engaged in endless motion and activity, in a continual Dance of Energy. We will experience the cascade of energy coming from inner and outer space, in which particles are created and destroyed in rhythmic pulses; start to see the atoms of elements and those our body are participating in this cosmic of dance of energy, this eternal life and death goes on in endless cycles....
We will explore power of breath, shamanic voices and rhythms. Through changing our nervous system and mind. Only through the high frequency of cosmic vibration can help our dark night of soul transform into Universal Love.
